Pupils Named To Jobs Held By Relatives

History nearly repeated itself twice at Howard Wood School Friday when Pat Walker and Kimiy Takeuchi, both eighth graders, were installed as president and secretary of the student body, respectively. Only a year before, Walker's brother, Mike, now a freshman at Torrance High, had repeated the same presidential oath, and the new secretary now holds the office once in the charge of her sister, Kiyoko, now a Tartar sophomore.

Other officers installed in Friday's ceremonies were student body Vice President Grant Dibley, Student Judge Carol Porterfield, both seventh graders, and Commissioner for Lower Grades Barbara Castle, an eighth grader. The office of Commissioner was created in an amendment of the student body constitution last semester. The five Council officers will lead a 30-member Student Council elected from grades four through eight until June.

Alondra Park Development Bids Studied

Apparent low bid for the general development of the northwest portion of Alondra park has been submitted by Moulder Brothers Landscape Contractors, Supervisor Kenneth Hahn announced yesterday.

The 18 bids received on this project ranged from the low of \$50,721 to a high of \$78,400. Development and improvement of the 13 acres at the northwest portion of the park

will provide badly-needed additional facilities for Little League teams in surrounding communities, since two softball and one baseball diamonds are included in the project, Supervisor Hahn stated.

In addition to the ball diamonds, the area will be fully landscaped with grass and trees

being planted. Provisions have been included for future developments in this area including parking strips adjacent to the ball diamonds and other courts and play areas.

Construction bids are being analyzed and it is expected the contract will be awarded by the Board of Supervisors on Feb. 26. About four months will be required to complete the project after the contract has been awarded, Supervisor Hahn stated.

FIRST DESTROYER
The USS Bainbridge was the U. S. Navy's first destroyer.

Buy a Gas clothes dryer now! INSTALLED FREE!

- 1 SAVES TIME, SAVES PARTS! When you have a gas clothes dryer, you can launder any time—day or night, rain or shine. You're through fast, too. Gas dries clothes in less time than it takes to wash them. Washes in about an hour.
- 2 SAVES WORK, SAVES STUFF! Drying laundry in an automatic gas clothes dryer is as easy as tossing clothes in a hamper. You don't lug heavy baskets. You don't stomp and stretch. You don't walk miles. And you have nice laundry.
- 3 SAVES MONEY ON CLEANING! You can do shag rugs, chenille spreads, etc. in a gas clothes dryer as professionally as sending them out. Many mothers have also found that a gas clothes dryer costs less than diaper service.
- 4 SPENDING, CUTS DOWN HOURS! Gas "damp-dry" and clothes come out of a gas dryer perfectly moist for ironing. Steam starched pieces iron like magic. Shirts dry so wrinkle-free they need no ironing at all—just fold and store.
- 5 COSTS LESS TO BUY AND USE! Gas clothes dryer prices start at \$100.95, and normal installation is FREE for limited time. Operating cost is one-fourth that of other type dryers. See a demonstration at your dealer's and BUY NOW!

GAS dries clothes faster and costs less!
